STEVE HALLOCK

EVEN

Him that I love I wish to be
Free:

Free as the bare top twigs of tree.
Pushed up out of the fight
Of branches, struggling for the light,
Clear of the darkening pall,
Where shadows fall—
Open to the golden eye
Of sky;

Free as a gull
Alone upon a single shaft of air,
Invisible there,
Where
No man can touch
No shout can reach
Meet
No stare;

Free as a spear
Of grass,
Lost in the green
Anomymity
Of a thousand seen
Piercing, row on row,
The crust of earth
With mirth,
Through to the blue,
Sharing the sun
Although,
Circled, each one,
In his cool sphere
Of dew.

Him that I love, I wish to be
Free—
Even from me.

ADMINISTRATION

Dr. Gregory C. Coffin, Superintendent of Schools, expresses the general policy of the Darien public school system in his statement that "the Board of Education is concerned with the education of all children of all people." A major goal of the Board is to widen curricular opportunities for the no-college-bound students even though this group includes only 10% of the student body. Stressing that 68% of the students are average, Dr. Coffin points out that the curriculum offering for this group should also be expanded; at present, priority in course selection is given to the top student.

The Board is also interested in providing optimum tools for teaching. Tape recorders and over-head projectors are already widely used, and closed circuit television is also available.

SCIENCE

The Science Department continues teaching its progressive courses, BSCS Biology, CHEM-Study Chemistry, and PSSC Physics, though the number of sections has been reduced. As opposed to traditional courses which are also offered, these programs more effectively simulate the atmosphere of genuine scientific research.

This year the department has enriched its stock of equipment. Biology students now need not share microscopes. The department also has been endowed with a new kymograph, and Chemistry students are using a delicate gram weight balance for a six-month trial period pending its purchase.

SOCIAL STUDIES

DR. HELEN MERRITT, A.B., Connecticut College for Women, M.A., Columbia University, Ph.D., New York University: Head of Social Studies Department, C.S.I., Economics, U.S. History

Asian Studies,[1] reinstituted with the return of Mr. Peebles, joined the Latin-African Studies course[2] in the area division studies. The new development of the Social Studies department, however, is team-teaching C.S.I., a ramification of the two-man teaching idea developed in U.S. History two years ago. The teachers, Mr. Baker, Mr. Burgess, Mr. Harper, and Dr. Robbins, spent six weeks organizing materials from a wide variety of sources necessary to a course emphasizing differences of opinion over acceptance of established interpretations. A puissant teaching technique, this new program has involved a major portion of the senior class.[3]

EXTENSION COURSES

TRADITIONAL FRENCH IV

Norwalk Community College offered Darien High School students a credit course in traditional fourth-year French Tuesday and Thursday nights. Participants are B. Mulvihill, A. Wheeler, L. Campbell.

BEATMAN FOUNDATION

New to accelerated students are three college-level courses sponsored by the Beatman Foundation. Initiated two years ago with the Anthropology course, the program now includes courses in Astronomy and Philosophy. Classes meet one night weekly, so the classroom is necessarily a supplement to independent study. Participating students agree that while the courses place greater obligations on the student, he is encouraged to explore studies in a more independent and thoughtful manner.

PHYSICAL EDUCATION

"As when some stalled horse who has been corn-fed at the manger breaking free of his ropes gallops over the plain in thunder to his accustomed bathing place in the sweet-running river and in the pride of his strength holds high his head and the mane floats over his shoulders; sure of his glorious strength, the quick knees carry him to the loved place and the pastures of horses; so Hector moving rapidly his feet and his knees went onward, stirring the horsemen when he heard the god's voice speak."

Cross-country is a long-distance running sport which develops stamina and endurance. Races are run over a course of approximately 2.5 miles. To the track enthusiast this is common knowledge, but to the average sport fan, the fundamentals of cross-country remain obscure. Along with this lack of information, there exists among the traditionally football-basketball-baseball oriented sport fan a sense of mysterious bewilderment about what cross-country runners do.

Cross-country demands dedication and guts. Practices are held in the rain and at times when the temperatures range from scorching to freezing. Exhaustion, fatigue and discouragement are constant members of the team. The ever-present confrontation with lack of audiences at the races, the school's general lack of concern for the sport, and unrewarded praise for individual efforts make an extremely formidable argument for deciding Cross-country is not the sport for you. The runners who last out the season and stick it out are truely the unsung champions of pain: John Durland, Dick Adams, Rick Schulten, Fred Clarke, Dave Roper, Steve Doris, John Conrad, Jim Carmicheal, John Littlefield, Ham Islan, Brian Scott, Jack Vickery and Dwight Timbers.

To be a Cross-country runner, it requires a degree of insanity. The most outstanding factor in the team's desire to run this year, however, was the magnetism and spirit provided by the coach, Dr. Robbins. To get out of bed on Saturday morning at 8:00 requires extraordinary enthusiasm on the part of the team and coach.

All these conditions contributed largely in the improvement of the season's record from a dismal 1-12 last year to a 7-6 figure this year. A few less shinsplints and injuries would have boosted this record even higher. The season as a whole, however, can easily be termed a success because of the genuine team support displayed. It was shown when the team ran against challenging opponents and also against the less formidable ones. Outstanding performances were turned out by Rick Schulten and Dick Adams and record-breaking paces by the team's most valuable runner, John Durland. The most prized trophies, however, were those intangibles carried away by each individual member.

A prospectively dismal season for the 1965 Blue Wave was made successful by the 8-6 win over Staples. The record in the forty-two year rivalry was finally pulled on Darien's side with a 20-19-3 margin. Those on the team who remembered the 16-8 setback of 1964 by Staples reminded others who did not know so well that to beat Staples is to make the rest of the season worthwhile.

The rest of the season was plagued by injuries that never allowed the team to really come out in full force during any one game; the mediocre record of 3-5 would have been improved considerably with a one hundred percent healthy first eleven. Laying all excuses aside, in none of our losses except that to Rippowam did we lose by the difference of more than one touchdown and only to Rippowam did the span become wider in the last thirty seconds.

The entire team had a never-say-die attitude, and recognition is due to all of them and, in particular, to lettermen Bill deRaimes, Gary Brown, Jay Condon, Dallas Pulliam, Larry Magnant, Harry Burke, Bruce French, Chuck Malcolm, Ron Marler, Jim Naylor, John Foulds, Carl Johnson, Ben Gifford, Russ MacDonnell, Bill Teague, Mark Nagle, Dave Croll, Mike Neumann, Manager Ted Gerber, and Co-Captains Cap Allen and Wilson Leach.

Cap Allen, Co-Captain,
Football Team

The Blue Wave got off to a bad start by losing the first three contests to Stamford Catholic, Rippowam and Roger Ludlow, who placed third, first and eighth respectively in the state. After an open date, the Blue Wave bounced back to beat Stamford, 24-6, for the first of three victories. This was followed by a discouraging loss to Greenwich, 6-14, but the bombing of Danbury 42-22, made up for it. It looked like the Wave was going to pull out an even 4-4 season, but a heart-breaking fumble on our own one yard line cost us an 8-12 loss to Brien McMahon. What looked like a completely worthless and useless season was redeemed by an 8-6 victory over arch-rival Staples. It was Staples, you remember, that broke our twenty-game winning streak last year.

SOCCER

S. Smith

J. King

In the fall of 1965, under the leadership of Mr. Sanford Robinson, a new interscholastic sport was introduced into Darien High School. The Darien Soccer team unfortunately began its first season at a distinct disadvantage, entering a league composed of teams possessing many years of experience. In spite of the ominous possibility of disaster, there was never a loss of spirit motivating the team at any time during the season. Most individuals on the team refused to allow the disheartening defeats to drain their spirit, and each game was viewed as a separate contest and was played just as hard as the first.

The active members of the team consisted of both seniors and juniors with sophomore Jeff Eaton disrupting the congruity by running with the first forward line. Others sharing the primary offensive line were co-captains John King and Steve Smith, Pete Hoppick, Bob Baldwin and the fleet-footed Jim "Contacts" Petersen. Following up in the half-back positions were Don Wilks, Kip Alpert, Jim Buchet and Tom Harlocker. The final line of defense was cemented by John Buckman and Phil Paris who did an amazing job of diverting potential scores for the opposition. Goalies Mike O'Neal and Phil Gray also risked life, limb, teeth, *etc.*, while pouncing on soccer balls that were often accompanied by steel-tipped shoes.

Steve Smith, Co-Captain, Soccer Team

Special praise has to be given to Jim Petersen. He innovated the idea of having a Darien Soccer Team and through persistance secured a place in the budget for team uniforms and balls. Thanks has to be given also to the administration, for without its understanding and co-operation the soccer team would have been aborted in its inception. Coach Maher deserves special thanks for his concession of the football team's practice field.

The first soccer season leaves memories of seventh period soccer ball hunts in Fairfield, dust in the gullet and seventeen out of twenty-four jersies missing and unaccounted for.

HOCKEY

J. King

The Darien hockey team played a few "surprise" games in the 1965-66 season. These games (the first New Canaan, the first Brien McMahon, the last Greenwich) were surprises to both the team and the fans. The team scored these wins because of a team effort rather than an exhibit of individual talent.

The coaching staff, headed by veteran Sanford Robinson and "Civilian" Dick Morris, had difficult problems to confront. The offense hinged on Geoff Eaton and was off when he had a bad game. The lack of backchecking threw an added burden on the already strained defense. This was caused by the difficulty of finding the right combination for the forward line. This all added to make a 7-7-4 record.

The main offense consisted of Geoff Eaton, Jim Ethridge, Bruce Challinor, Eric Falkenthal, and captain John King. Strong support was supplied by John Buckman, Charlie King, and Bill deRaismes. Next year it is hoped that Coach Robinson will be able to use his returnees and up-and-coming sophomores to make a better showing with the Frozen Wave.

GIRLS' BASKETBALL

C. Prentice

The girls' basketball team, coached by Miss Strominger, displayed fine ability this year by turning in a highly creditable record of 7-1. The Blue's only loss was to Brien McMahon in the first game of the season when they fell behind in the last three minutes of the game. The J.V. also posted a more than adequate 6-2 record which leaves Miss Strominger with high hopes for next year's team.

The varsity, captained by seniors Carol Prentice and Bobbi McAdoo, was composed of seniors Jane Burleson, Leslie Martin, and Beth Wilson, juniors Cathy Crane, Betsy Heath, Julie White, Betsy Hulme, Sally Brown, and sophomore Patty Saverine. Consistent point makers were Sally Brown and Betsy Heath with Cathy Crane always skillfully handling the ball and leading the team to many wins.

Highlights of the year were the hard fought New Canaan and Staples wins with Leslie Martin and Bobbi McAdoo displaying consistently good guarding that kept their top opponent's scoring to a minimum. The tremendous depth of the team was always evident in the good playing of all the other members of the team.

The team's commendable record couldn't have been complete without the tremendous spirit which was contributed by each member both during games and during practices.

B. Staak,

Feelings were high at the beginning of this year's basketball season with four returning lettermen, three of whom were starters. But from the beginning, all the boys knew that in order to represent their school well, a supreme effort along with some breaks was needed. needed.

Things started out well with three straight wins, but an upset by Stamford Catholic deprived us of a forth. Darien bounced back with three more straight wins; then it was time to play the Conference powerhouse, Norwalk. After staying with the fast-moving Clam Towners for three quarters, Darien found Calvin Murphy and Co. too much to run with. After a loss to Rippowam, a key Western Division rival, Darien put together four straight wins including an upset of highly regarded Brien McMahon, the only team to beat Norwalk. After a cold spell near the end of the season, Darien came on strong to finish second in the Western Division. Making the CIAC State Tournament at about mid-season, Darien scored an impressive win over Fairfield Prep 86-67 but lost a heart-breaker to third-place Southington 69-60 to finish the season with a fine 13-6 overall record.

Credit for this year's fine season belongs to all the boys and especially to Coach Del Mautte. Captain Bob Staak and senior Jeff Rossell led the way most of the time. Staak broke his own single season and per-game average records with 458 pts. and 24.1 p.p.g., respectively, while proving 1,166 pts. over a three year period. Rossell also had a fine year scoring 293 pts. for a 15 pt. average. They were capably assisted by juniors Bobby Wood, Butch Savery, and Gary Brown who each put on great performances throughout the year. The key, however, to the strong finish was, ironically, the smallest man on the team, Jim Naylor. After a mid-season ankle injury to Savery, Naylor quarterbacked the team to its strong finish. Credit also should go to Doug Fortune, Charlie Foss, Bill Teague, and Bob Darby.

Darien High had some great team effort which led to this fine season.

SWIMMING

B. Callahan

C. Garrison

The 1965-1966 Swim Team put together its greatest number of victories for its best season yet. The only blemish on its near perfect record was its narrow defeat by Greenwich. In compiling its 9-1-0 record, Darien outscored its opponents 677 to 269. One bright spot that could balance the hard-hitting loss to Greenwich was the 69-26 victory over Staples that avenged last year's humilliating defeat. Other outstanding performances, besides placing second in the county, were the third place finish in the Yale Carnival over 23 other Conn. teams including Greenwich, the sixth place finish in the State Meet, and the seventh place finish in the New Englands.

Records were set this year by the senior 400 yard freestyle relay team of Lance Krafft, Dane Raven, Bob Callahan, and Chuck Garrison in 20 yard course at 3:39.8 and 25 yard course at 3:33.0. Individual records were set by Greg Raven in the 100 yard butterfly at :59.2, and by Chuck Garrison in the 50 yard and 60 yard freestyles at :23.3 and :28.9, respectively. The 400 yard medley relay team of Gary Decker, Dick Pfann, Greg Raven, and Chuck Garrison also set the mark of 4:05.5 at the Yale Carnival.

Our winning season was built on excellent team spirit and the desire that Coach Victor Crump inspires in every swimmer to improve for the team. This year that desire was stronger than ever and was aided by more time in the water than has ever been available to any other DHS Swim Team. Our thanks to the Administration.

The jet is fairly common. The airline is one of a kind.

You see Jets just about everywhere these days.

Big airlines have them. Small airlines have them. And with good reason: the Jet is the modern way to go places.

But there's more to running an airline than having a fleet of the finest aircraft.

And there's more to *choosing* an airline than comparing timetables or menus.

What you want more than anything else is confidence, peace of mind, assurance. Call it what you will, it means everything.

And it's yours whenever you fly with the World's Most Experienced Airline. Come fly with us soon.

You can board a Pan Am Jet Clipper® in any one of 17 cities 'round the U.S.A.

You can plan a trip to any one of 85 lands 'round the world.

And, wherever you go, you'll have the good feeling that comes from flying the very best there is.

There's nothing like it in all this world.

World's most experienced airline

First on the Pacific
First in Latin America
